

# **NCO AUCTION**

## **Examples of Auction Items**

A live auctioneer will auction large items of about \$250.00 or more. Many smaller items will be auctioned silently on four tables that will close at different times throughout the evening.

Any time you purchase an item, you can ask the owner or manager for a donation for the auction. Stress the large area included in this endeavor i.e. All of the ski areas in eastern Ontario and Western Quebec and the good exposure their donation will receive.

You can also ask anyone you think might have an interest in supporting such a cause.

Don't give up or become discouraged! Some people will always say no. Local and privately owned stores are usually more willing than large chains.
